A word Guessing Game

Farmers Management System
Jan 2024 - Jan 2024
https://github.com/Velstruck/Farmer-system-management

This project consists of the development of a contributory web application to display and gather information of farmers who want to register themselves. As a secondary purpose, the web application was developed to be useful for the agro-prodcuts as he/she can manage the information of the products and buy and selling facility.
In order to use many of these services together, the web application was purpose-built using the PYTHON, MYSQL, XAMPP, BOOTSTRAP along with the standard HTML, CSS, and JavaScript
